

GOOD HEALTH WINS

NATIONAL COUNCIL OF NEGRO WOMEN, INC. & VACCINATE YOUR FAMILY

Message from Good Health WINs Project Manager

Use of QR Code for CDC Bridge Access Program

Effective immediately, all collateral materials for Good Health WINs must include the QR Code for the Centers for Disease Control and Prevention (CDC) Bridge Access Program. This includes all flyers, brochures, bags, posters, labels or any other GHWs collateral materials.

CDC's Bridge Access Program provides free COVID-19 vaccines to adults without health insurance and adults whose insurance does not cover all COVID-19 vaccine costs. Use of the code on our collateral materials will direct individuals to the Bridge Access Program website and help them find a location for free COVID-19 vaccinations.

Below is the CDC Bridge Access Program QR code. You can also go to the Bridge Access Program website at [Bridge Access Program | CDC](#) and right-click on the webpage and create a QR Code for the webpage.

By visiting the website, individuals will understand that they can get free COVID-19 vaccines at healthcare providers, federally supported health centers, and pharmacies (CVS, Walgreens, and eTrueNorth) participating in the Bridge Access Program. They can also visit [vaccines.gov](#) to find providers that offer free COVID-19 vaccines through the Bridge Access Program. Providers participating in the Bridge Access Program are contractually obligated to add vaccine availability to [vaccines.gov](#).

Thank you again for your continual support of the Good Health WINs program. Feel free to contact me at 216-568-6097 or lkadair@sbcglobal.net if you have any questions or need my assistance.

We are better together!

President Loretta Kirk Adair,
Good Health WINs Project Manager
